

Welcome to the Co-Space pack

What's included?

Welcome to the Satellite Applications Catapult's Electron Building Co-Space!

We're thrilled to have you as part of our dynamic community of innovators, creators, and collaborators. This cutting-edge co-working space is designed to fuel your creativity, foster connections, and provide the perfect environment for launching your ideas to new heights. Working in the Co-Space offers individuals and organisation representatives informal access to the wealth of information and knowledge possessed by Catapult staff, as well as other organisations working in the space sector.

Connecting to the UK Space Ecosystem

- **UK Space Capabilities Catalogue** - A comprehensive source of information on organisations working across the Space Ecosystem.
- **Space Enterprise Community** – As well as connecting with industry, a place to showcase events, opportunities, and funding.
- **Space Enterprise Lab** – 12 Regional spaces across the UK, free to use, bookable via the link
- Satuccino is a monthly networking event, compiled of approximately 10-12, 60 second pitches where people present anything from industry news and business pitches to research projects and funding announcements. This is held in person on Harwell campus and broadcasted online to a further 50-60 attendees, on the first Wednesday of every month.

Sector Wide Business support:

- The Innovation Hub
- UK Space Agency Accelerator
- ESA Business Incubation Centre
- Innovate UK Edge

Sector Wide Business support:
